Frequently Asked Questions

How does Simply Noted ensure the authenticity of handwritten notes?

Our advanced technology uses real ink to replicate human handwriting, ensuring every note looks and feels authentic. This is why we're a top handwriting company.

Can I send handwritten notes in bulk?

Yes, Simply Noted allows you to send thousands of handwritten notes just as easily as sending one.

What customization options are available?

You can choose from our selection of handwritten cards, send your own, or use our custom card design tool to create your unique card.

Is Simply Noted suitable for all businesses?

Yes. Our platform is designed to meet the needs of companies looking to add a personal touch to their communications with handwritten letters and postcards.
